```
@Composable
fun SnackCollection(
    snackCollection: SnackCollection,
    onSnackClick: (Long) -> Unit,
    modifier: Modifier = Modifier,
    index: Int = 0,
    highlight: Boolean = true
) {
    Column(modifier = modifier) { this: ColumnScope
        Row(
            verticalAlignment = Alignment.CenterVertically,
            modifier = Modifier
                .heightIn(min = 56.dp)
                .padding(start = 24.dp)
        ) { this: RowScope
            Text(
                text = snackCollection.name,
                style = MaterialTheme.typography.h6,
```
